Team MembersKevan Patel — *Developer*Matthew Smith — *Developer*Shiwei Wang — *Developer*Garrett Harkness — *Developer*Qiwei Li — *Developer***Summary of Progress this Report**

We are doing some document works this week. The whole week is basically about writing final design document and presentation for next week presentation.

12/02/2019

Working on design document and finalize the code before the final demo.

12/05/2019

Meeting with client and discuss the upcoming presentation. We got suggestions about current document's design and the things we need to include in our final presentation

12/08/2019

Team meeting for document design. We do the final revision of our design document and also prepare for the final presentation. In the meeting we also discuss the final testing plan.

Pending Issues

Need presentation Aid for our final presentation.
